CARAT REDEFINING SERIES

21ST CENTURY
TRUST

Establishing and retaining consumer trust has never been more complex, or more crucial to a brand's survival, than it is today. Navigating the digital age and the new dynamic it has created requires a total evolution in approach.

Carat's custom research project, '21st Century Trust', explores the consumer trust transformation. Informed by a survey of 10,000 people globally, it reveals how brands can more effectively develop trust, and what to do in the event that trust is broken.

To explore our findings, download the '21st Century Trust' whitepaper now via the link below, or pick up a copy on your way out today.

10:15am THE PROMISE OF ADDRESSABILITY

Already some ten years in the making, media agency bosses predict that 2018 will be the year of addressability – and given M+MS falls half way through the year, this session is primed to deliver some of the first results from the market's early forays into the new media environment. This strand will bring together senior execs from all major TV networks to explore the successes and, potentially, some of the teething issues surrounding our new ability to deliver hyper-targeted, curated campaigns to Australia's TV viewers.

12:10pm YOU ARE THE CREATIVE AGENCY

This interactive session: "You are the creative agency", will see AdNews partner and TRIBE founder Jules Lund turn the audience into a creative agency. In his inimitable and entertaining style, Jules will delve into a vision where consumers will be able to supply the creative for multi-channel brand campaigns by simply pulling their devices from their pockets – and with the help of our audience, he will show how this can happen. He will also reveal why this is set to transform the advertising industry in less than a decade, partly driven by the ascension of millennials to the c-suite.

1:50pm DIGITAL TRANSFORMATION

Despite massive upheaval in our industry – from podcasting to programmatic, digital transformation has barely begun, with a recent study showing that it will contribute \$45bn to Australia's GDP by 2021. In three years' time, the media, marketing and advertising landscape will have significantly recalibrated once again. We will hear from Havas Melbourne MD Matt Houltham and World Vision CMO Teresa Sperti about how they played catch-up and now in 2018, how they are primed to embrace the next three years of transformation.
