Closing Date: 5:00 PM Monday 18 March 2019

Enquiries: Procurement, Tel: (02) 6217 8555,

Email: procurement@dha.gov.au

Copies of RFT: www.tenders.gov.au

DFI(G) NATIONAL SITE CLOSURES

EST04184

18 MAR

- Request for Tender - Medium Works Contract (EWP MEWC -1 2014) - Project No: EST04184

DFI(G) Site Closures consists of 8 sites across Australia that require the following works:

- The demolition and removal of all redundant fuel tanks and fuel related infrastructure; and
- Close, make safe and secure the site where required.

Industry Briefing: An Industry Briefing will be held at **AURECON 850 Collins Street, Docklands, Melbourne, Vic from 1:00 PM to 3:00 PM on Monday 4 March 2019**. Tenderers must contact the Enquiries Officer by email, by 4:00 PM on Friday 1 March 2019 if wishing to attend.

Works to be completed prior to Sunday 30 June 2019. The preferred contractor will be employed under the Medium Works Contract (Construct only).

Closing Date: 12:00 PM Monday 18 March 2019

Enquiries: Elodie Caro (Aurecon Group), Tel: (08) 6145 9623,

Email: dftp@aurecongroup.com

Copies of RFT: www.tenders.gov.au

CIVIL WORKS - DAMASCUS BARRACKS, QLD

EST03398**19 MAR**

- Request for Tender - Medium Works Contract (EWP MEWC -1 2014) - Project No: EST03398

The Department of Defence is seeking tenders from suitably qualified contractors for a project that involves the following:

Road Repairs:

- The sub-surface repair and resurfacing of sealed roadways across the Damascus Barracks site.
- A portion of the existing road materials is to remain, with the new design pavement materials being placed on top. Due to this, the existing pavement level will be raised from between 300mm and 550mm (the level raised varies between the borehole locations).

Fence Upgrades

- A portion of the fencing along the western boundary and another portion of fencing along the eastern boundary is in a new condition and is of a suitable fence type. This fence is to remain in place.
- Where existing fence is in poor condition or of an unsuitable fence type, the existing fence is to be removed and a new Class 2 chainmesh perimeter fence is to be installed. This includes the installation of 3 new vehicle double gates.

Industry Briefing: An Industry Briefing will be held at **Damascus Barracks, Qld from 10:00 AM to 12:00 PM on Tuesday 26 February 2019**. Tenderers must contact the Enquiries Officer by 5:00 PM on Friday 22 February 2019 if wishing to attend.

Works to be completed within 19 weeks of commencement of work on site. The preferred contractor will be employed under the Medium Works Contract (Construct only).

Closing Date: 12:00 PM Tuesday 19 March 2019

Enquiries: Nicholas Lewin, Tel: (07) 3231 1438,

Email: Augility.Procurement@ap.jll.com

Copies of RFT: www.tenders.gov.au

JP9347 PHASE 1 REQUEST FOR INFORMATION

JSD/RFI8163/1**22 MAR**

- Request for Information - Capability Acquisition and Sustainment Group

The Department of Defence is seeking information from industry partners on:

- how the MTN-SP could be executed to deliver and sustain the desired capability outcomes,
- whether industry has capability, capacity and appetite to assume the role of Prime Systems Integrator (PSI) and Design Authority (DA),
- opportunities for Australian Industry Capability (AIC), including examining the Sovereign Industry Capability aspects of the delivery and sustainment of the MTN-SP,
- feedback on the MTN-SP needs and requirements as articulated in the draft Operational Concept Document (OCD); in particular whether they provide sufficient clarity of capability needs and requirements, and
- what considerations industry believe Defence must bear in mind and what sustainment

arrangements industry believes to be the most effective way to sustain capability.

This RFI continues the early engagement with industry, including the briefings and one on one sessions held at the Tactical Data Link Summit and Military Communications and Information Systems Conference in November 2018.

Industry Briefing: An Industry Briefing will be held at **Avalon Air Show from 2:00 PM to 4:00 PM on Monday 25 February 2019.**

One-on-One Briefing Session: One-on-One briefing sessions will be held at **Novotel Geelong on Tuesday 26 February 2019 to Thursday 28 February 2019.** Tenderers must contact the Enquiries Officer by email by COB, on Wednesday 20 February 2019 if wishing to attend.

Closing Date: 4:30 PM Friday 22 March 2019

Enquiries: JP9347 Project Manager,
Email: JP9347.1@defence.gov.au

Copies of RFI: www.tenders.gov.au

DESIGN AND CONSTRUCT 14 HOUSES - RIPLEY QLD

DHA-PROC-30706

26 MAR

- Request for Tender - Defence Housing Australia

Defence Housing (DHA) invites interested parties to tender for the design and construction of 14 Houses at Aulds Road Stage 1, Ripley, Qld.

Closing Date: 5:00 PM Tuesday 26 March 2019

Email: procurement@dha.gov.au

Copies of RFT: www.tenders.gov.au

FIRE SCHOOL SIMULATOR AND WATER RECYCLING WORKS - AMBERLEY QLD

EST01170

3 MAY

- Request for Tender - Medium Works Contract (EWP MEWC -1 2014) - Project No:

The Department of Defence is seeking tenders from suitably qualified contractors for a project with two (2) components:

A. Fire Training School Simulator and Water Treatment Facility.

The completion of maintenance and EOL upgrade works to the Simulator structures, the waste water management system, the Simulator operating system and the control infrastructure associated with these simulators. The resulting EOL waste water management system is to treat the waste water generated from training activities that only use potable water.

B. Water / Foam Treatment Facility.

The construction of a waste water treatment system to be retro-fitted to the water-only waste water management system as detailed in A. This retro-fitted waste water treatment system is to treat the waste water generated from training activities that use potable water, non-aqueous film forming foam (AFFF) "training" fire-fighting foam and aqueous film forming foam (AFFF) fire-fighting foam.

Industry Briefing: An Industry Briefing will be held at **RAAF Base, Amberley, QLD from 8:30 AM to 10:30 AM on Thursday 7 March 2019**. Tenderers must contact the Enquiries Officer by 5:00 PM on Friday 1 March 2019 if wishing to attend.

The preferred contractor will be employed under the Medium Works Contract (Design & Construct).

Closing Date: 12:00 PM Friday 3 May 2019

Enquiries: Daniel Morris, Tel: (07) 3231 1381,

Email: Augility.Procurement@ap.jll.com

OTHER GOVERNMENT DEPARTMENT TENDERS

STRATEGIC PROCUREMENT FOR RECRUITMENT SERVICES

ASA PRN_15325 NOTICE

24 FEB

- Notice - Airservices Australia

Airservices intends to release a Request for Proposal for the provision of Strategic Sourcing Services which include but are not limited to:

1. Continuous improvement to the following, as they relate to recruitment:
 - internal culture to aid retention
 - capability of hiring managers

- ability to hire quality applicants
 - recruitment methodology including processes and automation
 - applicant experience and brand reputation as an employer of choice
 - utilising recruitment analytics to inform business decisions
 - agility to meet changing demands, including evolving to accommodate the needs of the yet to be defined workforce of the future.
2. Bulk recruitment for specialist ongoing roles;
 3. Recruitment of permanent, ongoing professional roles across IT, engineering, finance, HR and other professional roles;
 4. Recruitment and payrolling of temporary, Labour Hire roles across engineering, finance, HR and particularly specialist IT roles.

Closing Date: 11:30 PM Sunday 24 February 2019

Enquiries: Contact Officer,
Email: procurement@airservicesaustralia.com

AIR HOSE FITTINGS

EOI SYDNEY TRAINS AIR HOSE FITTINGS

6 MAR

- Notice - Sydney Trains

Sydney Trains are conducting a market sounding exercise seeking suppliers of air hose fittings/connectors, hoses and associated crimping tools to be used on Sydney Trains air systems as deployed across the rail network.

Sydney Trains currently use band style steel straps on bulb type fittings for PVC hoses but are experiencing poor reliability when used in the rail environment. Sydney Trains is looking to move to a crimped style connector fitting which can be applied by staff in the field. Sydney Trains also seek appropriate tools and accessories required to crimp/apply the fitting solution in the field. Selected products will suit ½" – 2" PVC hoses and play a pivotal role in maintaining operation of the signalling network. If successful, the product has the potential to be rolled out into across large portions of the Sydney Trains network.

Closing Date: 12:00 PM Wednesday 6 March 2019

Enquiries: Ahsan Rauf, Tel: (02) 8575 0543,
Email: Ahsan.RAUF2@transport.nsw.gov.au

COMPANY OPPORTUNITIES

COMBAT SYSTEM INDUSTRY FORUM #7

1 MAR

- Industry Briefing - Lockheed Martin Australia

Lockheed Martin Australia (LMA) invites companies to nominate up to 2 representatives to register interest in attending the Combat System Industry Forum.

The Future Submarine Combat System Program presents an opportunity for Australian Industry to participate in an exciting and strategically important program to build and maintain an enduring and regionally superior Australian submarine capability.

Lockheed Martin Australia is offering representatives from companies who have registered their interest in participating in the Combat System Program to attend an unclassified Combat System Industry Forum in Melbourne. LMA is seeking to ensure that all companies registered (both with and without Defence security clearances) have an opportunity to attend a Combat System Industry Forum and receive an update on progress and status of the Combat System Program.

The Industry Forum agenda will include the following topics and activities:

- Combat System Program Achievements and Status Update
- Requirements for Program Management and System Engineering Tools
- Requirements for Engineering and Management Professional Services Providers
- CSI R&D Program overview
- Industry Networking opportunities
- Combat System Program upcoming events
- Opportunities for questions

Specific outcomes sought from Combat System Industry Forum #7 are engagement with:

1. Engineering and Project Management Professional Services providers to inform industry on the internal resources/processes that the Combat system Integrator (CSI) already has in place to highlight areas where the CSI does or does not require services of a Service Provider.
2. Project Management and System Engineering software tool vendors to inform what tools are in use across the LM Corporation and FSP-CSI Program to identify vendor opportunities that are still available.

Note, attendance is only confirmed upon communication from Lockheed Martin Australia.

Industry Forum: An Industry Forum will be held at **Engineering Australia, Level 31, 600 Bourke Street, Melbourne Vic from 9:00 AM to 12:30 PM on Tuesday 19 March 2019**. Register interest by using the link on the ICN Gateway.

Closing Date: Friday 1 March 2019

Enquiries: Jeremy Satchell, Tel: (08) 8429 2990,

NAVAL GROUP - FUTURE SUBMARINE

- Expression of Interest - Naval Group

Future Submarine Program

The Program seeks to establish the Australian industrial capability necessary to support the build, operation and sustainment of the Future Submarine. This will involve maximising the involvement of Australian industry in all phases of the Program without compromising capability, cost, schedule or risk.

Australia's Future Submarines will be built in Adelaide, Australia. The first submarine will commence service in the early 2030s with construction of the last submarine in the 2050s. Sustainment will continue into the 2080s.

Expressions of Interest are sort for the following work packages:

- Digitally-controlled bending press (BPP)
- Forming press (FP)
- Water jet cutting bench (WJCB)
- Automatic Welding Machine for Junctions (AWMJ)
- Rollers for Submarine Cans (RFC)
- Flat working surface plate for rectification (WSP)
- Automated storage system for drum reels and cutting machine (ASSDR)
- Automated storage system for long items (ASSLI)
- Automated storage system for pallets (ASSP)
- Tilting pivot for Submarine Cans (CTP)
- Piping hydraulic test installation (PHTI)
- Pipe degreasing plant (PDP)
- Digitally controlled bending machine for small diameters (BMSD)
- Guillotine shearing machine (GSM)
- Digitally controlled bending machine for medium diameters (BMMD)
- Digitally controlled bending machine for large diameters (BMLD)
- Retrieval machine for tubes (RMT)
- Universal milling machine (UMM)
- Boring machine (BOM)

Closing Date: Thursday 5 September 2019
