

SURVEILLANCE IN THE LAND DOMAIN

SURVEILLANCE in the Land Domain

ISR is the bedrock of the ADF's situational awareness, both tactically and strategically. What are the emerging ISR challenges, and what does the ADF need to do to meet them to become a true 5th gen force? The path forward will be a blend of smart technology, innovative thinking and the application of emerging technologies. *ADM* shows the way forward under.

ADF Weapons

The ADF has seen its highest operational tempo slow down but there is still a lot going on in the Middle East and in the region. *ADM* will explore the key weapons for each service and how they support the joint focus of the ADF.

Simulation

Every part of the Defence training continuum is now using simulation in some way shape or form. This month we're looking at that evolution and how Defence is benefiting from technology and teaching updates.

HOT TOPICS

- 5th gen weapons cross domain
- Pilot training
- Passive radar
- JP 129 Phase 3

DEADLINES ■ **CLOSING DATE** 9 JUNE 2020 ■ **MATERIAL DEADLINE** 16 JUNE 2020
