HUMAN PERFORMANCE & THE INTERSECTION OF TECHNOLOGY IN DEFENCE

SEMINAR SERIES

- Notice - Defence Science and Technology Group

The Defence Science and Technology Group (DST), in the lead up to the launch of the Research Network for Undersea Decision Superiority, invites you to attend a seminar series presented by renowned experts in Human Factors research. The speakers will provide their perspectives on the latest research directions for human performance in the increasingly complex world of Defence, a rich source of interesting real-world problems. These problems are challenging and have a material impact on the lives of the men and women serving in our Defence Forces.

Facilitated by Dr David Gamble, from DST's Maritime Division, this seminar series is not to be missed for researchers, students and defence industry personnel interested in learning more about the human element of the Defence Forces. Tea, coffee and a light snack will be provided.

MASTERS AND ACADEMIC SUPPORT COMPONENT OF THE ASEAN-AUSTRALIA DEFENCE POSTGRADUATE SCHOLARSHIP PROGRAM

RFT 4976 SPIG IPDIV

13 JUN

- Request for Tender - Department of Defence - Information Security Group

The Department of Defence is seeking tenders from suitably qualified contractors for the procurement of a Masters and Academic Support component of the new ASEAN-Australia

Defence Postgraduate Scholarship Program. Non-academic elements of the program, including the administration of travel, accommodation and student welfare issues, will be managed separately by the Department of Defence and/or its contractors as appropriate. This Scholarship Program will bring together up to 11 emerging defence and security leaders from ASEAN countries and Australia. Each of the ten ASEAN member states will be invited to nominate a scholar, and these international students will be joined by an official of the Australian Department of Defence. The student cohort will all attend the same Masters program, with the first cohort planned to commence in 2019.

The Department of Defence wishes to contract an Australian academic institution to provide a two-year Master of Strategic Studies for this student cohort, and additional support, to further scholars' experience in Australia and fulfil the intent of the Scholarship Program. Defence is seeking a four-year contract (two consecutive cohorts) with an option to extend for a further two years (a third cohort).

ALTERNATIVE EDUCATION EQUIVALENCY SCHEME (AEES)

DFR/ATM/2018/001**21 JUN**

- Request for Tender - Defence Support and Reform Group

The Department of Defence is seeking tenders from appropriately skilled and experienced organisations to provide Defence Force Recruiting (DFR) with alternative educational equivalency information on candidates who cannot provide formal evidence of, or who do not possess the educational standards required for entry into the Australian Defence Force (ADF). Defence Force Recruiting (DFR), as part of its responsibilities for the provision of recruiting services to the Australian Defence Force (ADF), receives applications for entry to the ADF from candidates who are unable to provide evidence of their educational attainment, or do not have the required education standard. In such cases, if the employment category the candidate seeks requires specific educational attainment, their application may be referred to the Alternative Education Equivalency Scheme (AEES).

The AEES was developed as a way for Defence to assess the potential of candidates who do not have the formal education attainment certificates or are of a mature age and may not have the formal education standard required for the avenue of entry they are interested in for acceptance into the Australia Defence Force (ADF).

The AEES is a series of tests used to assess candidate competency against secondary educational standards.

This scheme comprises:

- a. testing and assessment services provided on a National basis;
- b. Recognition of Prior Learning (RPL) assessment services; and
- c. an online website and candidate booking system.

The contract expires two (2) years from the Effective Date and with a possible one (1) year extension period.

NEW ZEALAND TENDERS

RESIDENTIAL RELOCATION AND STORAGE SERVICES (DOMESTIC AND INTERNATIONAL) [SYNDICATED]

RFX - 1410

20 JUN

- Request for Proposal - New Zealand Defence Force

The New Zealand Defence Force (NZDF) has personnel located throughout New Zealand and overseas. From time to time personnel are required to relocate to accommodate NZDF's operational requirements. Relocating personnel between residential locations may at times require storage facilities to be made available.

As such, a customer focused, cost effective, and professional service, accommodating NZDF Personnel residential relocation requirements is being sought at this time.

The proposed term of the Agreement is seven (7) years, made up of an initial three (3) year term with two (2) rights of renewal for two (2) years each.

Since this Agreement is syndicated with eligible Government Agencies, it is subject to endorsement by MBIE (Ministry of Business, Innovation and Employment). At any stage during the term (by agreement between the selected Supplier and NZDF) eligible Government Agencies may utilise the services under this Agreement for the remainder of the term.
